literally hundreds of languages world wide have experienced direct or indirect hispanisation during the heyday of the spanish colonial empire the number of languages which continue to borrow from spanish on a daily basis is considerable especially in latin america this volume gives the reader a better idea of the range of contact constellations in which spanish functions as the donor language moreover the contributions to this collection of articles demonstrate that it is not only possible to compare the contact induced processes in the hispanised languages of austronesia and the americas it is emphasized that one can draw far reaching conclusions from the presented borrowing facts for the theory of language contact in general the volume is divided into two sections according to geographical principles section i is devoted to contacts of spanish in latin america two contributions look at the hispanisation of varieties of nahuatl classical nahuatl studied by anne jensen and modern varieties studied by josé antonio flores farfán martina schrader kniffki discusses spanish zapotec contacts and their relations to language mixing and purism luciano giannelli and raoul zamponi address the issue of hispanisms in kuna a language from panama for south

america jorge gómez rendón discusses whether or not there are constraints on lexical borrowing from spanish into imbabura quichua suzanne dikker studies the intertwined language media lengua in her attempt at redefining the notion of relexification section ii focuses on the impact of spanish on the languages of austronesia and south east asia steven roger fischer shows that the heavy hispanisation of rapanui is currently being reverted steve pagel compares hispanisation processes and their results in the mariana islands and on rapa nui the second comparative study is by patrick o steinkrüger who reviews a variety of philippinian languages and their degrees of hispanisation the attitudes of native speakers of chamorro as to hispanisms is the topic of the study by rosa salas palomo and thomas stolz the volume is especially interesting for students of language contact but also scholars with a background in romance linguistics or hispanic philology will find the assembled articles very useful as well as austronesianists and amerindianists

in its first two decades much of cognitive science focused on such mental functions as memory learning symbolic thought and language acquisition the functions in which the human mind most closely resembles a computer but humans are more than computers and the cutting edge research in cognitive science is increasingly focused on the more mysterious creative aspects of the mind the way we think is a landmark synthesis that exemplifies this new direction the theory of conceptual blending is already widely known in laboratories throughout the world this book is its definitive statement gilles fauconnier and mark turner argue that all learning and all thinking consist of blends of metaphors based on simple bodily experiences these blends are then themselves blended together into an increasingly rich structure that makes up our mental functioning in modern society a child s entire development consists of learning and navigating these blends the way we think shows how this blending operates how it is affected by and gives rise to language identity and concept of category and the rules by which we use blends to understand ideas that are new to us the result is a bold exciting and accessible new view of how the mind works

researching pedagogic tasks brings together a series of empirical studies into the use of pedagogical tasks for second language learning with a view to better understanding the structure of tasks their impact on students and their use by teachers the volume starts with an introduction to the background and key issues in the topic area and is then organised into three sections the first section focuses on the language and learning of students on tasks the second on the use of tasks in the language classroom the third on the use of tasks for language testing each section begins with a succinct section introduction and the volume concludes with an afterword relating the theme of the volume to issues in curriculum development the chapters include both experimental and qualitative approaches to the topic some providing original accounts of specific studies others offering overviews of linked series of studies

this book contrasts variations in spanish and brazilian portuguese pronunciation using as a reference for discussion the mainstream careful speech of news anchors at the national level or the equivalent type of speech a well educated style that nonetheless sounds natural pursuing an innovative approach the book uses this view of language as a cornerstone to describe and discuss other social and regional variants relative to that

speaking register it is aimed at speakers of spanish interested in learning portuguese and speakers of portuguese who want to learn spanish as well as language specialists interested in bilingualism heritage languages in the teaching of typologically similar languages in contrast and readers with interest in phonetics and phonology the book employs a variety of innovative approaches especially the reinterpretation of some of the traditional concept in phonetics and the use of speech prosodies and speech melodies a user friendly strategy to describe speech prosody in languages and speech melody in music through musical notation

tackle head on all the hurdles that you find hard about learning spanish practice makes perfect spanish problem solver doesn t pretend that learning spanish is easy instead of covering the entirety of the language it hones in on those areas where you might have difficulty areas such as saber vs conocer tener vs hacer ser vs estar para and por and the preterit vs the imperfect tense features a variety of extensive exercises for practice practical and high frequency vocabulary answer key provided for reference and quick feedback don t sweat those troublesome grammar areas any more practice makes perfect spanish problem solver is your perfect learning tool for ironing out your troubles

in this rare exquisitely written book spain reveals itself that country s brooding beauty heart breaking humor and passionate commitment to the individual experience all these qualities make it the most hypnotic nation in the west chandler brossard one of the most talented contemporary writers puts you on stage with the characters in the living spanish drama a farm girl a prostitute a franco man a poet an underground priest and many more

includes the proceedings of the british pharmaceutical conference at its 7th 64th annual meetings
